Introduction

We step into BingShen 丙申 Fire Monkey year on the 4 Feb 2016. BingShen 丙申 Fire Monkey starts from 17:53pm 4 Feb 2016 and ends at 23:47pm on the 3 Feb 2017.

It is important to learn about the locations of annual and monthly Flying Stars (Xuan Kong Fei Xing), reputed to be the most powerful systems in the study of Feng Shui. Annual stars stay in a sector for the year and shift to another sector in a pre-determined pattern in the following year. Monthly stars change positions on a monthly basis.

The star numbers run from 1 to 9 and each flying star number possesses auspicious or inauspicious meanings. In period 8, (2004 to 2024) the five lucky star numbers are 8, 9, 6, 4 and 1 while the unlucky stars are 2, 3, 5 and 7. In general, when the combination of the annual star and monthly star in a compass sector for a particular month is made up of the good stars (8, 9, 6, 4 and 1), the particular sector is said to be good and will bring good luck to its occupant. But when the bad stars congregate in the same sector, some serious issues might happen and it is important that you vacate the room for the month. If this cannot be done, you must install Feng Shui cures to suppress them or they will bring misfortunes of the most severe kind. However, you do not have to worry if the bad stars fly into a storeroom, toilet, garage or a missing corner because their negative effects are contained and dissolved. The effect, whether good or bad, is lesser when the number appears alone.

You will need to look out for afflicted sectors and take the necessary steps to suppress the inauspicious stars or enhance the auspicious ones.

Use a good compass to accurately determine the facing direction of your main door of your home. Then refer to following sections with all the arrangements and charts and use them wisely. You need to set your priority right in order to choose which Feng Shui arrangement to use. For example if you more on wealth, then you choose the wealth enhancing, if your health is not that good then choose the health enhancing arrangement.

~ You will need to carry out these changes in two steps. ~

The first step is to harmonious your home.

First step, you have to harmonious your house Feng Shui base on your house facing. This can be done by using the outline arrangements outline in the section “House facing and its Feng Shui arrangements.” There are altogether 16 types of facing. You will need to get a good compass to accurately determine the facing direction of your main door of your home. After you have the facing then match the chart that you need to use. Put in the arrangements.

The second step is to enhance what you need most.

Second step, after you have harmonized your house, you can then choose your next Feng Shui enhancement base on your priority. You can choose for example to enhance your wealth or enhance your health. Sometimes you can have both but sometimes you are not so lucky.

They will improve your house's luck. If your house is already having good Feng Shui they will make it even better, you will see much better career prospects and opportunities and are able to maximize your wealth accumulation. If your house's Feng Shui is bad they will help you to reduce the disastrous effects and can help you to avoid calamities.

There is two type of Chinese Horoscope forecast.

The first type is based on Animal Signs alone and its ShenSha 神杀.

The second type is using a combination of Chinese Astrology, Horoscope, Zi Wei Dou Shu (紫微斗数) together with Ba Zi Analysis (子平八字). This forecast will analyses the 10 divisions of each Horoscope Sign according to the 5 element (Wood, Fire, Earth, Metal and Water) and 2 type of favorability according to the day master (Strong 旺 /Extreme Weak 从 and Weak 弱/extreme strong 专). This means each animal sign will have ten different categories. This forecast will generally be better than most basic forecast that only analyses based on 12 Horoscope Signs.

Rat

Rat assemble “hui 会” with monkey, this “hui” means stability with not much changes and also means your relation with people is good. This is also your “Tao Hua” year and for those who are single, take this opportunities to go out more often and you will find yourself your other half. He (or she) might be someone that you already known. This luck will be slowly fade away after autumn. If you manage to find him (or her), the chances for further development are good.

If you are self-employed or professional like architect, engineer, doctor, real estate, adviser, consultant, financial adviser, outsourcing or trader, your income will be better and it rely on individual strength. Because of heavier load of works, people in these form of professions will see much better income. For office workers, you will most likely remain at your current post.

You have the auspicious stars (prosperity) “福星”、(general) “将星”、(food) “天厨”、(boastful) “唐符” even this is not a year for promotion, however with these stars the chances are still there especially for those born in 1960. (Boastful) “唐符” will help in your advancement in your career. With (food) “天厨” if you are a public servant or involve with food like chef you will see good and better chances.
