1. Introduction

2019 is almost here... Get ready and be auspicious together.

We step into 己亥 JiHai, Earth Pig year starts from 11:31am 04 Feb 2019 and ends at 05:21pm 04 Feb 2020.

This book will improve your house's luck. These are indispensable tools that enable you to tap into the auspicious energies. If your house is already having good Feng Shui they will make it even better, you will see much better career prospects and opportunities and are able to maximize your wealth accumulation. If your house's Feng Shui is bad they will help you to reduce the disastrous effects and can help you to avoid calamities.

It is important to learn about the locations of the annual and monthly Flying Stars (Xuan Kong Fei Xing), reputed to be the most powerful systems in the study of Feng Shui. Annual stars stay in a sector for the year and shift to another sector in a pre-determined pattern in the following year. Monthly stars change positions on a monthly basis.

The star numbers run from 1 to 9 and each flying star number possesses auspicious or inauspicious meanings. In period 8, (2004 to 2024) the five lucky star numbers are 8, 9, 6, 4 and 1 while the unlucky stars are 2, 3, 5 and 7. In general, when the combination of the annual star and monthly star in a compass sector for a particular month is made up of the good stars (8, 9, 6, 4 and 1), the particular sector is said to be good and will bring good luck to its occupant. But when the bad stars congregate in the same sector, some serious issues might happen and it is important that you vacate the room for the month. If this cannot be done, you must install Feng Shui cures to suppress them or they will bring misfortunes of the most severe kind. However, you do not have to worry if the bad stars fly into a storeroom, toilet, garage or a missing corner because their negative effects are contained and dissolved. The effect, whether good or bad, is lesser when the number appears alone.

You will need to look out for afflicted sectors and take the necessary steps to suppress the inauspicious stars or enhance the auspicious ones.

How to improve your house's luck?

Use a good compass to accurately determine the facing direction of your main door of your home. Then refer to following sections with all the arrangements and charts and use them wisely. You need to set your priority right in order to choose which Feng Shui arrangement to use to get what you desire. For example if you want to be richer, then you choose the wealth enhancing arrangements, if your health is not in good shape then choose the health enhancing arrangements.

~ You must carry out these changes in TWO STEPS. ~

STEP 1 – Harmonize your home

The first step is to harmonize your home. Your house needs to be in harmony before you can enhance what you needed most.

You need to do the following.

1. Hold your compass standing behind your main door facing out and take the reading. This is your house facing.
2. Find out your house's period. You need to know when your house was built or when was the last major renovation, last transferred of ownership or when was the last time you changed your stove (for company, your company sign board) in order to determine your house's period.

Period 7 - from 4th. Feb. 1984 to 3rd. Feb. 2004

Period 8 - from 4th. Feb. 2004 to 3rd. Feb. 2024

3. Go to **“House facing and its Feng Shui arrangements”** section and put in the arrangements.

STEP 2 – Choose what you want

The second step is as simple as to choose what you want.

After you have harmonized your house, you can then choose your Feng Shui enhancements based on your priority. You can choose to enhance your wealth or enhance your health or both.

**** Note: This book only caters for period 7 and period 8 houses.**

About Horoscope, there are two types of forecast.

The first type is based on Animal Signs alone and its ShenSha 神杀.

The second type is using a combination of Chinese Astrology, Horoscope, Zi Wei Dou Shu (紫微斗数) together with Ba Zi Analysis (子平八字). This forecast will analyse the 10 divisions of each Horoscope Sign according to the 5 element (Wood, Fire, Earth, Metal and Water) and 2 type of favorability according to the day master (Strong 旺 /Extreme Weak 从 and Weak 弱/extreme strong 专). This means each animal sign will have ten different categories. This forecast will generally be better than most basic forecast that only analyses based on 12 Horoscope Signs.

2. Flying Star and afflictions

San Sha Three Killings 三杀

In 2019, it is located at the **WEST**.

IMPORTANT:

This year star #1 Romance star is also located at the West sector. When activated incorrectly and too much activation it can bring harms. Please refer to Star #1 section.

The Three Killings is one of the major annual afflictions in Feng Shui and it is of utmost important that the ground or location in which the Three Killings resides during the year should not be disturbed at all costs. Otherwise, the household will meet with three types of misfortune.

The Three Killings is a deadly combination of three Sha (killing Qi, Sha Qi 杀气), namely the **Year Sha** (Sui Sha), **Robbery Sha** (Jie Sha) and **Disaster Sha** (Zai Sha). Obstacles that set you back may be caused by the Year Sha; wealth losses may be due to Robbery Sha and frequent mishaps and misfortunes could be brought on by the Disaster Sha.

It's important to find out at the beginning of every year whether the Three Killings has hit and struck a space that you used often; such as your entrance, living room, and bedroom or office area for instance. Do not carry out renovation and repairs such as drilling and hammering of the walls to these areas as it will activate the sha chi 杀气. Feng Shui also advocates that you should never sit with your back to The Three Killings. Instead you should sit facing it. This advice refers not so much to isolated incidents but situations where prolonged periods of time are spent in this position, such as at your work desk.

If you really have to renovate this sector, you can start from North West and slightly go towards North. This will minimize the effect of the killing Qi aka sha chi 杀气.

If there is construction outside your home and it is at your North sector outside your house, you must put a **5 elements arrangements** at the area facing the construction side. This can also be used if you really need to carry out renovations in your house at your North sector.

3. House facing and its Feng Shui arrangements (STEP 1: to harmonize your home)

In any house imperfections and problems are to be expected and in order to improve our living areas first we need to balance out what are bad and enhance the goods.

Everyone want more wealth, and abundant of money.

Feng Shui is not expensive!

Make use of the natural resources around you, such as stone, water and timber to create a sense of balance in relation to your local landscape, your home or in your office.

Before you can use Feng Shui to affectively enhance your life, first you need to harmonize and enhance your house. After you have harmonized your house, you can then choose your next Feng Shui enhancement base on your priority. You can choose for example to enhance your wealth or enhance your health.

First get a good compass to accurately determine the facing direction of your main door of your home. Then refer to the appropriate charts below and match the one with your facing.

Reminder:

~ You will need to carry out these changes in TWO STEPS. ~

This is the first step to harmonize your home.

Note 1: In some of the sectors, you will not see any placement of FengShui element as these sectors are already in harmony. The next step is to perform “step 2” where you choose what you want to improve for example you want to improve your wealth luck then perform 4.1 Wealth luck under “Special Feng Shui arrangements (STEP 2: Choose what you want)”

Note 2: The afflictions from the unlucky stars are 2, 3, 5 and 7 will be neutralized once you perform the FengShui arrangements described in this section.

Note 3: Some sectors even with the unlucky stars are 2, 3, 5 and 7, you do not need to put any Feng Shui element as its existing flying stars are able to neutralize the bad effect or even benefit from them.

3.2. Face SouthWest 202.6°-217.5°

Face SW1 SouthWest 202.6°-217.5° Gen house 艮宅 ChouWei 丑未

Period 7 - constructed from 4 Feb 1984 to 3 Feb 2004.

Double stars in front 旺才不旺丁 Good for wealth.
